School Driver Document Requirements Checklist

Contact: 0711608769 | Email: samwakariuki21@gmail.com

Purpose

This checklist helps drivers prepare the documents commonly requested by schools, employers, and school transport operators before hiring. Employers should still confirm current legal requirements directly with NTSA, the Ministry of Education, and relevant authorities.

Driver Documents To Prepare

No.	Requirement	Why it matters
1	National ID or passport	For identity verification.
2	Valid Kenyan driving licence	Must match the class of vehicle being driven.
3	PSV licence / PSV endorsement or badge	Important where the role involves public or school transport.
4	Certificate of Good Conduct / Police Clearance	Issued through DCI or the relevant official process.
5	Medical fitness certificate	Commonly requested for school transport roles involving children.
6	Proof of driving experience	Many school transport roles expect at least 3 years of professional driving experience.
7	Driver CV/profile and passport photo	Helps employers screen work history quickly.
8	Referee contacts	Previous employers, schools, or transport operators.
9	Training certificates	First aid, defensive driving, child safety, or related training where available.
10	Vehicle/operator records where applicable	Employers/operators should separately confirm inspection, insurance, seat belts, speed compliance, and maintenance records.

School Transport Notes

Ministry of Education guidance for pre-primary transport mentions a driver above 25 years, at least 3 years driving experience, a valid driving licence, a valid medical certificate, a certificate of good conduct, uniform, and identification badge.

NTSA official materials and service portal cover driver licensing, PSV operations, driver testing, vehicle registration, inspection, and public transport operations.

NTSA school transport regulatory notes emphasize qualified drivers, licensing, vehicle standards, insurance, maintenance records, passenger manifest, road safety obligations, and school transport operating protocols.

Quick Search Payment

Drivers may select Quick Search priority matching at **KSH 400** when submitting a job request. This helps the request appear faster in the employer queue.
